**Batch : TY IT B1**

## **ITW Assign 7**

### **Topic : Hotel search website**

#### **Aim:**

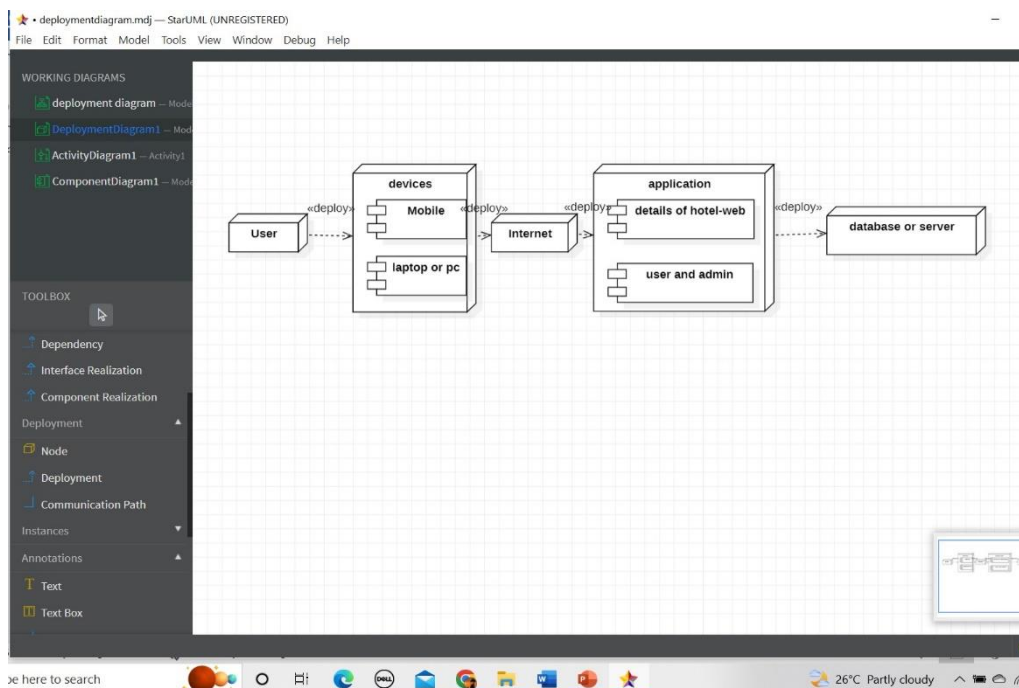

Draw a Deployment diagram for your problem statement where you must mention each & every step up to deployment

#### **Objective:**

To draw a deployment diagram.

#### **Theory:**

A UML deployment diagram is a diagram that shows the configuration of run time processing nodes and the components that live on them. Deployment diagrams is a kind of structure diagram used in modelling the physical aspects of an object-oriented system. They are often be used to model the static deployment view of a system.

**Conclusion:**

Successfully implemented Deployment diagram using Star UML.
