

Name: Niraj Amrutkar

Roll No. 332002

PRN: 22010910

Batch: B1

Assignment 7

Aim:

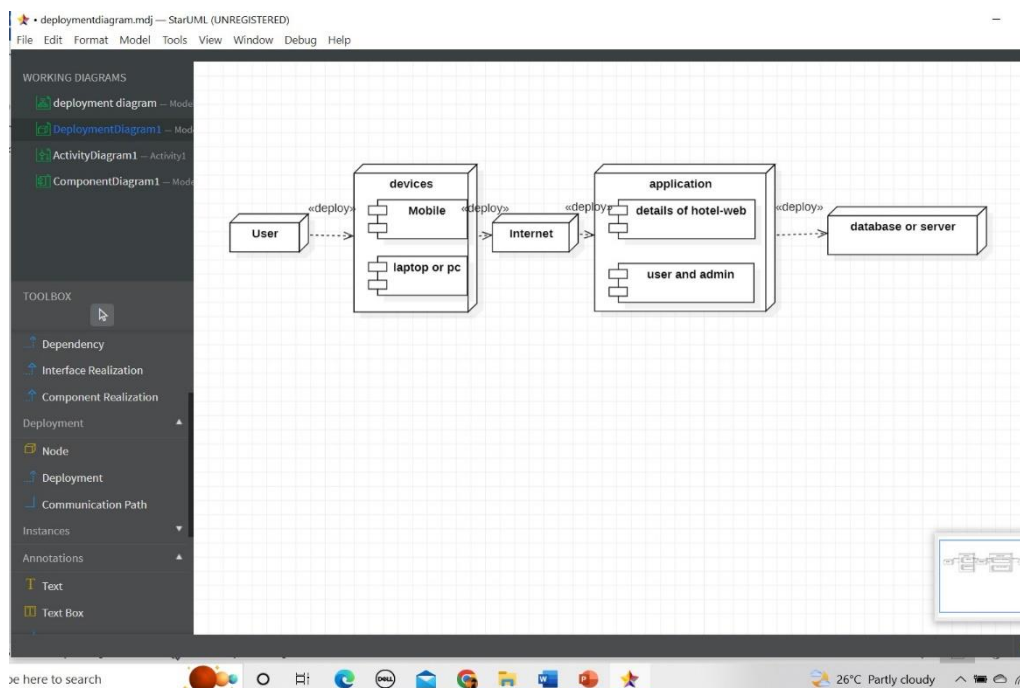

Draw a Deployment diagram for your problem statement where you must mention each & every step up to deployment

Objective:

To draw a deployment diagram.

Theory:

A UML deployment diagram is a diagram that shows the configuration of run time processing nodes and the components that live on them. Deployment diagrams is a kind of structure diagram used in modelling the physical aspects of an object-oriented system. They are often be used to model the static deployment view of a system.

Conclusion:

Successfully implemented Deployment diagram using Star UML.
